a valued Michigan Chamber Partner.

## What is a Certificate of Origin?

A *Certificate of Origin* (CO) is a vital international trade document attesting that goods in an export shipment are wholly obtained, produced, manufactured or processed in a particular country. To be valid, the CO must be signed by the exporter, and countersigned by a chamber of commerce.

## Why do I need one?

The export commodity and its destination determine if a CO is required. The CO authenticates the merchandise's country of origin (where it was made). It all depends on the rules and regulations of the country where the shipment is going.

The Michigan Chamber provides *Certificate of Origin* (CO) services through an online portal that is secure, simple and fast. You can trust the Michigan Chamber to serve your export documentation needs.
